Recent Introductions of Superior Merit.

Pot Grown, 20c each, \$2.00 per 12.

We supply Chrysanthemum plants from February 1st to June 15th.

A. S. BALDWIN—A yellow of the highest grade; this is another absolutely reliable kind that will give all perfect flowers. Holds its foliage splendidly and carries same right up to the flower. Bud August 20th.

MRS. A. S. WATT—A sport of Wm. Turner, identical in every respect, stem, foliage and color; the only difference being that the petals reflex. Bud August 25th or later.

- EARL KITCHENER**—Amaranth, with a silver reverse. An enormous flower in a color not too plentiful in exhibition 'Mums at the present time. Bud August 20th.
- MRS. J. PURROY MITCHEL**—The color is purest, snow white, flower enormous size, reflecting.
- MRS. R. C. PULLING**—Clear yellow, tremendous in size, which has made a wonderful showing in some of the exhibitions. Crown bud August 10th and later.
- JAMES FRASER**—Color is a deep canary yellow; flower is large and stem is absolutely rigid with foliage right up to the flower. Crown bud August 1st onward.
- ODESSA**—Bright yellow; incurving form. A seedling from Merza, but much clearer in growth.
- NERISSA**—Bright, rosy mauve. Fine form and stiff, upright growth, with rigid stem.
- MEUDON**—An immense flower of bright pink. Habit of plant absolutely ideal, strong grower, with beautiful foliage right up to the flower. Bud August 20th.
- WILLIAM VERT**—Crimson, with every petal reflexing. Reverse of petal is bright gold, but practically every petal reflexes so the golden color is not seen.
- CHIEFTAIN**—A beautiful, incurving pink of perfect shape. Certificated in Boston, Philadelphia and Chicago. Perhaps the finest incurved pink variety in cultivation today.
- PERLE FRANCAISE**—Enormous in size, very deep petals rising tier above tier, reflexing and curling the tips; color, soft lavender-pink shading to white; September 1st.
